Professional Summary

I am a dedicated undergraduate who has passion in my studies and will be awarded a Bachelors of Computer Application from Shivaji University, Kolhapur with a strong academic background in Coding and Programming. I am highly devoted about using analytical skills and Problem-solving abilities in a fast-paced environment. With adorable quickness to grasp new things this has always been the case as I'm flexible when it comes to my speed of learning. I also would like my next job to be producing tech for companies worldwide because there is no other way that will provide me with such satisfaction

Projects

Fruit Store Website

- Designed and launched a fully functional Fruit Store Website using HTML and CSS, showcasing over 30 products and enhancing user experience, significantly improving front-end development skills.
